

Aurelius Environmental Limited is a visionary and revolutionary recycling company based in the UK, and in aspiring to be the premium and leading waste recycling and waste management business we recognise the importance of meeting all stakeholder needs whilst delivering optimum value in our services and products.

In pursuit of excellence and to promote and sustain our corporate values of Pride, Passion and Perfection, we have developed the following policy to guide our business and its members.

Aurelius Environmental's Policy commitments are:

- We will not cause harm to people, property or the Environment
- Comply with all legal requirements within our operating markets and regions, and where technically and economically practicable to exceed legal requirements
- Continuously improve our operations and performance exceeding our key performance measures set annually
- Monitor, record and continuously improve the Risk ratings of our business activities to achieve minimum risk outcomes in all aspects of our operating activities
- To provide a framework for the setting and reviewing of Health, Safety, Quality and Environmental targets and objectives
- Reduce waste output and the Materials, Energy and resource consumptions per business unit of activity annually
- To provide effective communication of this policy to all stakeholders, and implement effective communication systems so all other business and stakeholder requirements or changes are disseminated and informed appropriately
- Training, development and engagement of our internal stakeholders in the development of themselves and the business, and to nurture a *'learning organisation'* where employees can thrive and envisage career development opportunities
